

SILENT-YACHTS

Dear Friends of SILENT-YACHTS,

we are excited to announce that **SILENT-YACHTS** was awarded with the

2018 UIM Environmental Award Special Mention for "ENVIRONMENTAL BENEFIT".

The UIM (Union Internationale Motonautique) organisation presented the award in the context of the UIM Awards Giving Gala Ceremony at the Sporting Monte-Carlo building in Monaco on Saturday, 23rd March 2019.

At the presence of HH Prince Albert of Monaco and celebrities of sport the award was accepted by **Marcello Maggi** on behalf of **SILENT-YACHTS** and we are glad that our efforts for eco-friendly luxury yachting have once again been recognised and rewarded.

"We had talks with a very interesting audience and gave an interview at the event broadcast. **SILENT-YACHTS** drew great attention for the new and green way of yachting." Marcello reported. And we agree: What could be nicer than crossing the oceans with a "SILENT" luxury yacht, independent of fuel and wind, knowing that you take responsibility for the sea creatures and our environment.

Please click to watch the interview with Marcello Maggi from SILENT-YACHTS

Speaking of video: Please check out our refurbished [SILENT-YACHTS Youtube channel](#) where you will find Videos about our SILENT luxury catamarans, what TV and online media report about us and a little retrospective into the history of SILENT-YACHTS.

With warmest regards,

Michael, Heike and the whole SILENT-YACHTS-Team
