Create an independent and environmentally friendly yachting experience which combines the silent cruising of a sail boat with the luxury of a motoryacht.
THE FUTURE OF YACHTING IS SOLAR

Embrace the sound of silence
Preserve the purity of the ocean
Experience unprecedented levels of tranquility and pleasure
SOLAR POWER for propulsion as well as all navigation, household & comfort appliances on board.

WORLD RECORD 2018 - Silent 64 first ever solar powered production yacht to cross the Atlantic ocean.

AWARD WINNING technology 14x awards won honoring our drive for innovation since 2009.
For those who believe that the sky is the limit, the **SILENT 80 3-Deck Open Version** is the perfect match.

As the **3rd deck** features a **total area of 90m² (970 ft²)**, this ocean sky lounge makes you feel at home wherever the sun accompanies you. Onboard, space is abundant and time regains its value. It is all about the moment. It is all about the attitude. It is all about you.

Just as the regular SILENT 80 2-Deck, she is also available as a **Loft Version**, which includes **full height slidable windows** on the starboard and port side of the salon.

Fly Deck
84m²
The SILENT 80 3-Deck Closed Version offers you two exquisite choices.

For those seeking a sense of privacy, option number one provides an owner’s suite with an unprecedented 360° degree view and 45m² of private terrace in the aft. Those who particularly value sharing the experience onboard, can opt for the lounge version instead. Hereby the owner’s suite is replaced by a dining area of 45m² which includes a bar and galley, while still maintaining the same terrace in the rear.

Both choices can be configured as Loft Versions with full height slidable windows on the main deck.

OCEAN CROSSING
CAPABILITIES
**Cruiser**

- **2 x 150 kW**
  E-motors

- **207 kWh**
  Lithium battery

- **100 kW**
  Generator

- **6~8 kt**
  Cruising speed

- **13~14 kt**
  Top speed

The ideal entry into the world of solar powered noiseless cruising.

Two electric motors allow you to seamlessly glide towards the horizon providing high levels of comfort, making this option suitable for long term economic cruising.

Furthermore, the solar electric drivetrain features unprecedented levels of reliability and security with almost zero maintenance work needed.
E-POWER

2 x 200 kW
E-motors

286 kWh
Lithium battery

150 kW
Generator

6~8 kt
Cruising speed

16~17 kt
Top speed

It offers more powerful electric motors, a more powerful generator and a battery bank with increased capacity.

These upgrades enable a higher top speed, which can be sustained for a certain period of time.

As a result, E-Power is a perfect blend of sustaining economic solar powered cruising capabilities with higher performance reserves whenever needed.
**E-POWER+**

- **2 x 340 kW**
  - E-motors

- **429 kWh**
  - Lithium battery

- **2 x 150 kW**
  - Generator

- **6~8 kt**
  - Cruising speed

- **19~20 kt**
  - Top speed

The most powerful propulsion option combines the largest battery bank with the strongest electric motors available.

Higher speeds can be sustained for even longer periods of time while also maximizing the amount of energy which can be stored for back-up and deployed whenever needed.

Therefore, E-Power+ delivers the ultimate solar powered yachting experience.
FULLY AUTOMATIC TOWING KITE AVAILABLE FOR ALL OUR MODELS DYNAMIC FLIGHT PATTERN RESEMBLING A FIGURE 8 UP TO 10x MORE POWER PER m² COMPARED TO A CONVENTIONAL SAIL
SILENT 80 3-DECK EQUIPMENT

STANDARD FEATURES

2 x 150 kW e-motors on shafts, 207 kWh lithium battery, 100 kW diesel generator.
